

AFFORDABLE + PORTABLE + ELECTRIC
KOMBI E5 POWERED BY **SHIMANO STEPS**

OUR POPULAR COMPACT CARGO BIKE IS NOW ELECTRIFIED.

Introducing the Kombi E5 with the STEPS E5000 system—Shimano’s lightest yet powerful motor. Combined with responsive hydraulic disc brakes, bright LED lights and Yuba’s Stay-Steady no-flex frame design, Urban commutes and daily errands are safe and eco-friendly—without breaking a sweat.

Kombi E5 Silver | KOMBI:EL-KB20SV

Kombi E5 Orange | KOMBI:EL-KB20OR (not pictured)

CHOOSE THE KOMBI WAY

- Using an electric cargo bike rather than a gas-powered vehicle will significantly reduce your carbon footprint.
- As easy to ride as a normal bike with an adult passenger.
- Built to last with high-quality components and a compact steel frame—for durable and smooth riding characteristics.

Footnote: Due to supply chain issues related to the COVID-19 pandemic, some components are subject to change.
